Ian & Joann

Ian Clayton is the founder of Son of Thunder. For the past 24 years he has pursued passionately a life of trying to understand and get to know who the person of God really is. He is vitally connected within a local church and serves in the capacity as an Elder, at Bay City Outreach Centre in Hastings, New Zealand.

Ian travels itinerantly by invitation throughout New Zealand, Africa, America and Asia ministering, teaching, equipping and mandating people to become Sons of God. Through insights, equipping, and teaching and with practical biblical tools, Ian brings to reality the accessibility of the realms of Heaven, enabling the release of the potential within each person as a Son of God.

JoAnn McFatter is currently traveling nationally & internationally as a worship leader and/or speaker. Her ministry, Inside –Eternity, is based in Foley, Alabama. While facilitating the shift from the mind of man to the mind of Christ in word and song, she carries a two-fold passion. First, to see the Bride abandoned body, soul, and spirit to God and God alone. Second, to see revelation opened up as it pertains to spirit, science and art being woven together to bring Kingdom manifestation on earth as it is in heaven.
